

## **INFRASTRUCTURE 2011**

### **DPM Roles & Services**

We combined the architectural, structural services to offer our clients a complete pre-construction model of the buildings with the added fourth element of Time, hence 4D modeling.

We created building information modeling (BIM) 4D Model in a digital construction site providing insight into entire Buildings Life Cycle Management.

Client Presentation and Support at meetings.

**DEVELOPMENT OF I.S.F. CAMP AT AL DUHAIL  
QATAR**
